

The swift cutting head at a great price!

NEXT TECH

The small and agile cutting head WOODCRACKER® CL is a loyal companion, not only for farmers. Landscapers, foresters and municipal authorities already use the WOODCRACKER® CL permanently. Due to its flexible and simple installation to usual carrier vehicles, small trees and bushes up to 32 cm in diameter are felled with ease.

Cost-benefit efficiency for foresters, owners of short-rotation coppice and landscapers.

Woodcracker® CL190 is also attachable to farm loaders.

Replaceable blade

• Available

### Technical Data

WOODCRACKER® CL	CL 190	CL 260	
Cutting diameter soft wood	250	320	mm
Cutting diameter hard wood	190	260	mm
Gripper opening = Diameter of shears	685	760	mm
Weight (fully equipped)	210 - 310	350 - 630	kg
Recommended pump flow capacity <sup>1)</sup>	40 - 80	50 - 100	l/min.
Recommended operating pressure	250	280	bar
Service weight of carrier vehicle <sup>2)</sup>	2.5 - 7.5	6 - 14	t
Optional: Autospeed	•	•	
Optional: Collector	-	•	
Optional: Cylinder slewing gear	• 2 x 48°	• 2 x 48°	

<sup>1)</sup> Depending on operating mode or equipment. <sup>2)</sup> Depending on specifications of the operation vehicle. Technical modifications and figures are not binding. Subject to changes for reasons of further development.

Caution: Woodcracker CB and CL are not suitable for dangerous tree felling. Secure hold of cut material can not be guaranteed. In this case we recommend our Woodcracker C series.

### KEY FACTS

- Customized mounting options (e.g. excavator, farm loader)
- Light-weight and compact design made of wear-resistant Hardox(R) steel
- corrosion-resistant cathodic dip-coating
- low-service due to three maintenance points only and low-wear cutting system
- simple replaceable blade
- cylinder slewing gear for 2 x 48° tilt optional available
- high cost-benefit efficiency
- clean cutting surface enables the plant to sprout again
- also applicable in small forests for easy forest maintenance

## WOODCRACKER® CL 260

The fast cutting head for excavators of 6 to 14 tons

NEW

### APPLICATION AREAS:

- Fast harvest of small trees and bushes
- Harvest of short rotation plantations
- In rough terrain, hill areas and swamplands
- Cultivation and landscape maintenance
- For agricultural use on a farm loader

⚠ For tree fellings due to safety reasons usage of Woodcracker Series C is to be advised.

### ENGINEERING AND PRODUCING

**Next tech:** The know-how for WOODCRACKER® comes from Austria. The team of Westtech comes from Prambachkirchen, Upper Austria – well known for our tenets in design of our machines – easy handling, easy attachment, flexibility and cost-efficiency. These tenets are found in every product series of ours. Our product range covers machines for tree felling, processing of wood, ground clearing as well as root stock clearing in the forest sector.
